Crusher Spares

Category: Mining Industry Equipment · Availability: On Request · SKU: RND-MIN-CRUSHER
Issued: 04 Nov 2026

OVERVIEW

Crushing eats steel — our job is to make sure it eats it slowly. We supply jaw plates, cheek plates, toggle plates, cone crusher mantles and bowl liners, impactor blow bars and hammers in Mn13Cr2, Mn18Cr2 and Mn22Cr2 high-manganese steels that work-harden in service, plus high-chrome options for abrasive rock. Parts are cast and machined to OEM drawings, patterns or your worn sample — reverse engineering of obsolete crusher parts is a workshop speciality. Send the crusher make and model, or the sample itself, for a quote.

TECHNICAL SPECIFICATIONS

Parts	Jaw plates, cheek plates, toggle plates, mantles, bowl liners, blow bars, hammers
Materials	Mn13Cr2, Mn18Cr2, Mn22Cr2 high-manganese steel · high-chrome iron
Compatibility	Jaw, cone and impact crushers — all major makes
Supply Basis	OEM drawing, pattern or sample (reverse engineering available)
Options	Work-hardening grades for abrasive rock; custom casting on request

HOW TO ORDER

Send your RFQ through rigndig.com/request-quote, by email to admin@rigndig.com or on WhatsApp +92 333 2594493. We confirm the best price, availability and lead time — sourcing begins only after you approve the quoted price.
