Hydraulic Cylinder Custom

Category: Hydraulic Machinery · Availability: As Per Drawing · SKU: RND-HYD-CYL-CUSTOM
Issued: 02 Nov 2026

OVERVIEW

We supply, rebuild and repair hydraulic cylinders for excavators, loaders, presses, mixers and plant machinery of every size. New cylinders are fabricated to your drawing or sample with honed tubes, ground and hard-chrome plated rods and quality seal kits — and every cylinder is pressure-tested before it leaves our workshop. Our repair service covers bent rods, scored barrels, leaking seals and damaged ports, with honest advice on repair versus replacement. Send a drawing or bring your old cylinder and we will give you a firm, itemised quote.

TECHNICAL SPECIFICATIONS

Service	Supply, repair, testing and custom manufacturing
Material	Steel, chrome rod and seal kit options
Availability	As per drawing or sample

HOW TO ORDER

Send your RFQ through rigndig.com/request-quote, by email to admin@rigndig.com or on WhatsApp +92 333 2594493. We confirm the best price, availability and lead time — sourcing begins only after you approve the quoted price.
